## Product Description

At the appointed time we will rise from our hiding places and bring down the cities of the Empire. Chaos will spread over this land, and we, the Chosen Servants, will rise under HIS eyes. Praise be to you Tzeentch, changer of ways! Njawrr'thakh Lzimbarrr Tzeentch!

Death on the Reik is the second volume of the revised and updated Director's Cut of The Enemy Within, one of the most popular roleplaying campaigns ever written. Picking up where The Enemy in the Shadow ends, this volume takes your unlikely heroes on a grand adventure up and down the formidable Reik, the greatest river of the Old World and trade route into the heart of the Empire.

Death on the Reik is the second in the five-part series of gritty and dangerous adventures for the Warhammer fantasy role-playing game that inspired a generation of players. This Director's Cut includes insightful commentary with a touch of black humour, clever suggestions for new ways to play through the campaign, and a selection of mentors to prepare your characters for the dangers ahead.
