### Product Description

In "Pick a Pen: Gardens", players try to colour in the drawn gardens either in a single colour or in five different colours. Matching flowers and trees can be planted to score even more points. But be careful: The coloured pencils on the dice determine exactly what can be coloured in! Who will choose the pencils most cleverly and end up with the most points? The new "Roll & Write" game with three different levels for long-lasting fun! How to play Pick a Pen: Gardens:- Decide together which of the three levels you want to play and hand out the corresponding game sheet.- On your turn, take the 5 pencils and roll them into the centre of the table. Then take a pencil from the centre of the table first. Then it's the next person's turn, clockwise, to choose a pen.- Colour in your chosen colour on your sheet the number of squares indicated on your pen.- Try to achieve colourful gardens, monochrome gardens and bonus goals by colouring in cleverly to collect points.- As soon as one person has coloured in all the squares, the game ends. Whoever has the most points wins! Contents:- 5 coloured pencils- 1 pad- 1 set of instructions Dimensions:- 17 x 12.7 x 3.7 cm Author:- Reiner Knizia Graphics:- Marlies Barends Success factors:- Innovative "Roll & Write" game in which pens serve as dice- Part of the new product series by successful author Reiner Knizia- Three different levels ensure long-lasting fun
