### Product Description

Weaving an exciting story requires more than just heroes - you also need an extensive troop of allies, enemies and villains! As the game master, it is up to you to tell the story and create an epic adventure together with the players. This book is designed to help you with all facets of the game. It contains guidelines and assistance on plot structure, how to organise exciting battles and breathtaking treasures to reward your heroes for their deeds! On these pages you will find everything you need to become a legendary game master!
