from **25,93 EUR**

Item no.: 385150
shipping weight: 0.10 kg
Manufacturer: Ulisses Spiele

Product Description

Rule the wasteland! This three-part screen for game masters is adorned with atmospheric Fallout illustrations on the outside, while you'll find numerous practical tables on the inside. The tables cover: Action points in combat encounters, hit locations, weapon traits and difficulties according to weapon ranges, damage effects, critical hits and injuries, main and secondary actions, and hunger and thirst conditions. Also included is a 20-page booklet that conveniently summarises rules and instructions for scavenging from the rulebook and the gamemaster's tools. You can use it to create scavenging scenes and locations and generate items for the players to find there. Includes handy tables for all kinds of rules and information about exploring the wasteland. Provide your players with scavenging locations tailored to their quests. Guide them through different scavenging scenes, from heavily scavenged ruins to untouched gem deposits. Enrich your scavenging scenes with friendly or hostile inhabitants. Don't make it too easy for your players! Confront them with obstacles and dangers that promise valuable loot.
