Product Description

Aventuria is a continent full of adventure and danger, where brave adventurers can prove themselves. As they gain experience, they improve their skills and eventually become the legendary heroes the bards sing about in their songs. Do you have what it takes to become an Aventurian legend? Path of Legends is a supplement to Aventuria - The Adventure Card Game. In this box, we introduce the new Legends mode, where your heroes travel to the next settlement after each completed adventure and can invest their hard-earned adventure points in new, improved cards in an exciting interlude. This makes each hero not only stronger and more powerful, but also a true Aventurian legend with a very individual hero deck and many special abilities. New difficulty rules and challenge cards ensure that the adventures always remain exciting and challenging, even for the upgraded heroes. The fast-paced and easy-to-understand rules of the legend mode and a quick-start sheet make this expansion interesting for newcomers and veterans alike. Contents: 12-page rulebook, 16 location sheets with exciting encounters, 693 cards (ability stocks, special abilities, disadvantage cards, challenge cards and much more)
