Product Description

A secret lurks in the depths of Andergast! Andergast is an ancient kingdom, bound to the neighbouring kingdom of Nostria by an eternal feud. The people are proud of their homeland, tough, inventive and idealistic. Sometimes their neighbours look down on them with disdain, stupid hillbillies who cling stubbornly to tradition and will never be destined for greatness. But you should never underestimate anyone who aspires to the top from the gutters of the street. Perhaps you too underestimated what you were getting yourself into, but you soon realise how much danger you have put yourself in. Although you manage to escape from a cell in which you have been crammed, you realise from the outset that you are in for a tremendous journey. Your enemy is not just the orc lying motionless beneath you, you have confronted a greater power. It is The Covenant of the Black Oak that will bring you an epic adventure! Solo adventure volume that allows you to venture straight into the adventure without master or fellow players! It comprises seven solo adventures, of which In the King's Back, The Black Oak, In the Grip of the Black Oak and Return to the Black Oak were published as stand-alone adventures for the 4th rules edition of The Dark Eye. The adventures have been revised, supplemented with new content and expanded into the most comprehensive game book ever published. Over 2100 sections are waiting to be experienced with a total of four hero characters. In four of the seven adventures, you play your own hero or one of the four suggested heroes from the book's appendix and encounter new challenges section by section as you read. All your skills will be required to escape with your skin intact. In the three other solo adventures, you will experience a story full of twists and turns with predetermined characters who will shed a whole new light on what you have experienced.
