Codenames Pictures german

from **14,12 EUR**

Item no.: 403218

shipping weight: 0.60 kg

Manufacturer: Czech Games Edition

Product Description

The hit game Codenames now with pictures Now it's all about thinking and describing visually. As in the well-known predecessor Codenames Pictures, the secret service chiefs give their teams helpful hints so that their team is the first to find all the agents. In Codenames Pictures, the secret identities of the agents are hidden behind fascinatingly designed, ambiguous pictures. Since Codenames Pictures uses pictures instead of words, younger agents can also play. You can also use the word cards from the classic Codenames for a challenge!
