### Product Description

Magic is at once ubiquitous and a rare commodity in Aventuria. Only a few magically gifted children are granted the privilege of studying the arcane arts at an academy. Whether as powerful fighters, shady antagonists or oddball patrons - mages play a leading role in numerous adventures. This set contains the spells, rituals, special skills, traits, equipment and other useful content from the sourcebook Rohal's Heirs and the Study of Guild Magic. The cards contain all the relevant information so that you can use them directly in the game as a master. Caution! Not suitable for children under 36 months.

- Content: approx. 217 cards- Language: German
