### Product Description

Great power ... requires a great rulebook! With the Savage Worlds Superpowers Compendium, you can re-enact all your favourite superhero characters from comics, TV series and movies, or create your own stories with larger-than-life action ... all with the Savage Worlds rules system! All with the Savage Worlds rules system! In this 200-page volume, you'll find:- New character options, perks, and drawbacks.- New and updated equipment like absorption shields, capes, a variety of weapons for your heroes and villains to beat the crap out of each other with, and vehicles to get your super team to their destination in style!- Narrative rules for headquarters! Build a unique base for your superteam, upgrade it, and deal with the adventurous complications that come with it!- New setting rules emphasise the nature of superpowered combat and suggest rule options to mimic different styles, including four-colour, cosmic, gritty, fantasy, horror, and even ultra-violent versions of superpowers!- A huge range of powers to create almost any hero or villain you can imagine. All with Savage Worlds' familiar character creation rules!- A detailed rogues gallery includes dozens of villains and allied non-player characters. From street-level threats to cosmic annihilators and raging kaiju, there's something evil here for every superteam!- Items of Power! More than a dozen super-powered items give the gamemaster rewards for her superteam or adventure hooks for her mad tyrants. Throw a time bomb to rewrite history. Beware the seeds of destruction! And fight for cosmic supremacy with the crown of the new god! Caution! Not suitable for children under 36 months.
