## Kreativkit Seifentraum (d) SV

from **19,67 EUR**

Item no.: 388724  
shipping weight: 1.00 kg  
Manufacturer: SentoSphère

### Product Description

With this fun DIY kit, mould opaque and clear soaps that you can assemble to create original, modern and artistic syndet soap bars! Different mould sizes and shapes are provided along with colourants (including a white opaque one) and a fragrance to make this experience as fun as the result is pretty. The glycerine base melts within seconds in a microwave or in a bain-marie. When liquified, a child can measure various perfumes and colours before pouring it into the moulds provided. The soap cools down within minutes and you can place the shapes in other moulds to combine opaque and clear details for a perfect result! Once finished, the soap bars can be easily removed from the moulds. - Age: 8 years + Safe ingredients and formulas This DIY kit has been tested according to the Toy and Cosmetic regulations under dermatological control. All the ingredients and formulas it presents are non-toxic and are completely safe for children's skin.
