### Product Description

In a gentle way, two colours merge here and conjure up a beautiful, harmonious result that reminds us of the natural beauty of precious stones - in case of doubt, you could probably also give it to grandma for her 70th birthday!

The Role-Playing Game sets consist of 7 dice: W6, W4, 2x W10 (steps of 1 and 10), W8, W20 and W12. They come in a super practical and sturdy box with a pull-out compartment, so you can always pack them up and take them with you quickly and easily.

- Ultimate Guard® compatible: The tray from the cube transport box fits perfectly into the Ultimate Guard® Twin Flip'n'Tray 160
