

Item no.: 375785

ABBS015ESD - 300 mm x 300 mm x 15 mm ESD grid foam - grid width

from **2,24 EUR**

Item no.: 375785
shipping weight: 0.20 kg
Manufacturer: Feldherr

Product Description

ESD grid foam for individual padding of transported goods - offers a high level of protection against electrostatic discharge. The grid in the foam allows the foam inserts to be customised to all shapes. It is ideal as protection for the transport of various industrial goods such as medical equipment, individual tool parts or technical devices. The grid foam is perforated with a grid of 10 mm x 10 mm x height of the insert (15 mm). The antistatic properties of the foam also provide optimum protection for sensitive electronics. The use of antistatic plastic bags is not necessary. This reduces storage costs. Information on ABBS015ESD grid foam:- Dimensions: 300 mm x 300 mm x 15 mm- The grid is punched throughout. ESD foam inserts ABBA010ESD or ABBA025ESD are ideal for use as a base.- Electrostatic dissipative / ESD foam / antistatic, pink- Typical surface resistance $R_s = 10^{10}$ to 10^{11} Ohm- High-quality, fine-pored polyurethane (PU) foam- Made in Germany- Chlorine-free and acid-free- Bulk density 23.0 kg/per cubic metre (+/- 2.0)
