### Product Description

The legend of the European automotive industry in an exclusive brick version! The 2CV Charleston, under the original CITROEN licence, was developed on a scale of 1:12 and consists of 1,669 elements. In addition to the car measuring up to 30.5 cm, the EXECUTIVE EDITION also includes a black block stand with which you can create a large model of the car. The stand has a black plate with the model name and the historic CITROEN logo. The set includes additional accessories (a box filled with tools, groceries in the shape of a vegetable container) that you can put in the boot! On this model, two pairs of doors, the bonnet and the boot open! You can look inside, admire the built look of the engine and use the working steering wheel to turn the wheels! The interior has been carefully reproduced with high quality prints! You won't find any stickers on this model! The assembly is simple and intuitive. For the sake of simplicity, we have divided the manual into stages and the building blocks into numbered bags! This historic car is perfect for anyone, regardless of age, who is passionate about cars, history and technology! Complete your collection, build a story, block by block, and show off this amazing model! Citroen 2CV has become an icon of the French automotive industry. It was produced from 1949 to 1990 and continuously improved. The car was designed before the war. Its creation was linked to the need to produce a simple and cheap car for the masses, true to the motto of company boss Pierre Boulanger, "quatre roues sous un parapluie" (four wheels under an umbrella). The car was perfectly simplified, economical and made it possible to comfortably transport four people with luggage. Christened the ugliest car in the world at the 1948 Paris Motor Show, it became an object of desire, contrary to the opinion of critics. During its 41 years of production, almost 4 million units were manufactured in factories all over the world. Today, this car has cult status and is a treat for collectors. 1980 saw the premiere of a special version of the iconic Citroen 2CV! Limited Charleston was produced in only 8,000 units! The car was distinguished by its attractive, characteristic two-tone body and interior. - 1.669 high quality elements, - manufactured in the EU by a company with over 20 years of tradition, - meet the safety standards for children's products, - fully compatible with clamp blocks of other brands, - blocks with imprint do not deform and do not fade during play or under the influence of temperature. - 1:12, - a brick with the model name and the CITROEN logo, - block display stand, - additional accessories (tools, bowl, vegetable container).
