## 350 PCS HC WWII 5761 MESSERSCHMITT BF 109G

from **28,37 EUR**

Item no.: 409735  
shipping weight: 0.60 kg  
Manufacturer: COBI

### Product Description

The Messerschmitt Bf 109 G, also known as "Gustav", is a German fighter aircraft from the Second World War. It was introduced in 1942 and was one of the most significant versions of the Bf 109. Equipped with a more powerful DB 605 engine and improved armament, "Gustav" reached speeds of up to 690 km/h. It was very manoeuvrable and versatile, making it a strong opponent at the front. There were many variants adapted to tasks such as bomber interception, fighter aircraft and ground support. Messerschmitt BF-109 G is an improved design, adapted to 1:32 scale. The aircraft is even larger and contains more details, which have been reproduced with 350 COBI building blocks. The aircraft has a movable propeller and ailerons. Its rotating wheels with rubber tyres can be extended from the undercarriage into a take-off or landing position. The cockpit can be opened to place a pilot figure at the controls! The aeroplane has high-quality prints that won't wear off even with intensive play. This set makes stickers completely superfluous. The prints reproduce the tropical livery and equipment of wartime aircraft. The set also includes a special stand that makes the presentation of the model more attractive, as well as a sign with the name of the aircraft. Assembling fighter planes from World War II bricks is becoming an increasingly popular leisure activity for adults, children and teenagers. It is a relaxing passion that is an extension of interests related to history, aviation and military technology. - 350 high-quality elements, - manufactured in the EU by a company with over 35 years of tradition, - fulfil the safety standards for children's products, - fully compatible with clamping blocks of other brands, - blocks with imprints do not deform or fade during play or under the influence of temperature, - 100% prints, no stickers, - clear and intuitive building instructions based on drawings and symbols, - special display stand, - pilot figure, - model nameplate, - scale 1:32 Model dimensions (L x W x H): 26.5 cm (10.4 in) x 30.5 cm (12 in) x 12 cm (4.72 in) Specification- Catalogue No.: COBI-5761 - Manufacturer: Cobi Factory SA - Length: 26,5 cm / 10.4? - Height: 12 cm / 4.7? - Wingspan: 30,5 cm / 12? - Scale: 1:32 - No. of parts: 350 - No. of figures: 1 - Age group: 9+ - EAN: 5902251057619 WarningWarning: Not suitable for children under 36 months. Choking hazard. Small parts could be swallowed. We recommend keeping the packaging for reference. Model and colours may differ slightly from the illustration.
